

## Early Prayer March 2, 2010 Speak Life

**John** sings: *Taste and see, the Lord is good. Reach up and take His hand.*

We come before You and taste and see that You are good. There is a river that flows through Your city and refreshes. Holy is the Lord!

We stand and lift up our hands for the joy of the Lord is our strength. Holy is the Lord. The earth is filled with His glory.

**Anne:** We come and lift up our hands, voices and spirits to greet You as the day breaks. We greet all on the web. We lift up praise and worship this morning and call life from heaven.

**John** sings: *We bless you from Zion. The Lord bless you from Zion. Lord, praise awaits You in Zion. Holy is the Lord God Almighty. The earth is filled with His glory.*

Dance and get happy, the Lord is good. Taste and see. Lift up your heart. We lift our hands in the sanctuary to give You the glory.

Violet and I had a challenge yesterday that we had to pray through. We were asking, “Why did this happen?” I said, “This happened for the glory of God, so that we could pray, see God’s hand and clear away the smoke screen.” We did pray and it was just a smoke screen. It was a serious smoke screen. It could have choked you, but it cleared.

Now, we are going to clap our hands in the sanctuary and say, “Yes, Lord. You are the ‘Yes’ to all the promises of God. As many times as the enemy says ‘No’, we will say, ‘Yes.’” When we say “Yes”, it nails it down. Yes, amen! (John raises both arms as he says Yes! Amen!) You can get some exercise doing this.

**Anne:** This morning there is something specific that we want to begin to pray about. In the last 4 – 5 places that we have been (with Chuck) there has been a void, like all the air was sucked out of the room. These were all sanctuaries where people worshipped the Lord. We knew that this was not about a specific people in a specific place. There was nothing they were doing wrong, but it was like a vacuum. We have prayed into that and asked the Lord to show us how to overcome that and align each of these places with the Spirit of God. It was like the time of Samuel when the word of the Lord was scarce. It was like the time between the two Testaments when the Lord was not speaking because there was no one to hear and anchor and come into agreement with and anchor and walk, seeking and calling out for Him. It was like when Ishmael was cast out and had not found a way to release his sound to the Lord. This morning we want to ask the Lord how to overcome this. Chuck has been speaking about Isaiah 51: 6 and 16 where we are seeding the heavens with the things that we want to come forth in the next ten years. We are hearing the Lord say, “Plant this, speak this, release this seed into place.” Let life come forth, rise up and spring up in the places we are speaking into. This is a day and a time when we need to do whatever God is saying to bring forth. It is like calling forth a new release of God’s Spirit. Chuck likened it to Jesus sending the disciples to the other side of the lake while He went to pray, then He came to them walking on the water. In that space of time, the disciples had gotten afraid and lost their purpose and their focus. This morning, Lord, we ask You to speak to us concerning this. Cause us to begin to ride on the life You have for us. Let us call You into our now moments to stand in the gap with us. Let the Ancient of Days begin to write His name across us in the heavens. Let us come up under that Name in the heavens and come up over this. No matter how confused we get or how much we are unsure of who we are, we know whose we are. This is a time we have to stand and call out so that the Lord is able to move.

**Janice:** The first time I heard Chuck refer to that scripture of seeding the heavens, the Lord gave me a picture of an aunt who planted over 400 tulip bulbs in her yard. She said that if you are in continual planting, you end up with continual blooming. The Lord is saying that we cannot stop seeding. We have multitudes of prayers. Do not let there be a silence. Keep seeding the heavens. Do not feel like you have already done that. This is the season when the enemy would like to move in where there is silence. This morning we are seeders. We are going into the heavens to plant. The Ancient of Days, Who sees the end from the beginning, will cause those things to sprout up. Lord, cause our expectation to see the harvest of Your word in our lives.

**Anne:** If you are having a hard time perceiving the presence of God or calling forth what you need, come up here into the center. (Many come to the front)

**John:** If you are on the web cast, just see yourself in the middle of this group.

**Anne:** I was having a hard time like this once and the Lord sent a woman to help me. She was American, but had been in Africa for many years. She came to us in a little town out in the country and she began to speak life into us. We had been seeding, watching and calling forth, but the life had left us. We felt like everything had been done in vain. The enemy was constraining us. This morning we are going to speak life and be life because the Ancient of Days is here.

**Janice:** Daniel 7: 21-22, *“I was watching and this same horn was making war against the saints and prevailing against them until the Ancient of Days came and judgment was made in favor of the saints of the Most High and the time came for the saints to possess the kingdom.”* We are in that time.

**Anne:** This morning we are going to possess the kingdom. Cuc, come and prophesy and speak life into these people.

**Cuc:** Lord, You are sprouting up, You are shooting up. It is not going to be a small process. It is going to be a gigantic process. We speak life into these people, into the body of Christ. We are now sprouting up into the heavens. Life is springing forth. There will be a blooming forth over the earth in Jesus’ name.

**Anne:** Let a sound of life begin to stir in the void, in the darkness, in the earth. If you are down there and you are a seed, all you know is that it is dark.

**Janice:** I hear the Lord asking, “Will you be the intercessor who stands in the gap, in the void where there has been silence and the enemy has tried to move in. Will you be the intercessor of life and stand in the gap and speak life? Will you declare the release of the Kingdom of the Lord released through you?” Lord, cause Your life to flow through us. Cause the word of the Lord to come out of our mouths and into this atmosphere.

**Anne:** We speak life into England. They are watching with us this morning. We speak life into the church and what they are doing. We speak life to them this morning. You can’t put enough enemies over them to stop them from coming up and apprehending the purposes and plans of God. We speak life! I have a bloom in me that is coming up. I can feel it forming. Put your hand on your spirit and say, “Come up in your time.”

**Bodie:** On the way here this morning I heard a song that says, “I will rise when You call my name.” We don’t have to wait until we are dead to hear Him call our names. He is calling us to rise up in life and take off the grave clothes. He is calling, “Lazarus, come forth!” He is calling us to come forth in life on this side of heaven.

**John:** Those on the web cast, there are those you know who you need to pray for. Extend your hand and begin to pray for someone the Holy Spirit is putting on your heart. Send it out! Taste and see that the Lord is good.

**Anne:** I’m hearing the word, “Gulf; Gulf of Aqba.” Lord, we speak over the gulfs today. We call for prayer over the Gulf of Mexico. We have prayer and more. We have life that will span every gulf and that will go over every divide. If we need to carry those across, we can carry them across because the joy of the Lord is our strength. He releases a sound in us that causes us to lift up and go across.

**James sings:** *Life of God rise up! Oh Life! Life of God, rise up! Cause us to rise! You cause us to fly. You cause us to enter in. Life of God, rise up!*

**Melinda:** When Anne first called you up, you were in the shape of a “Blooming Onion”, the appetizer at some restaurants. I declare and decree that the Lord is now calling forth those “Blooming Onions.” They look like there’s little sprout up on top. But when He cuts it open and dresses it up and puts spices in it, He says that your hidden garments must now be removed so that the spices He has placed in you will spring forth new life that will resurrect the things you thought were dead. Bring forth the blooming onion with a unique flavor that God is calling forth in this hour. New life for blooming onions!

**Robert:** Lord, we proclaim You this morning as the Ancient of Days. You were and You are and You are to come. You were there before creation, before the stars were overhead, before the universe. Before You created the world You loved us and knew us and chose us. Your purposes stand. from eternity to eternity. There is no changing in Your power, love or faithfulness. We honor You and proclaim Your name, Ancient of Days.

**Linda:** When God breathed life into Adam, the word is “neshama”. He breathed His name and it was spirit. We declare that we do not have life except that You have already breathed Your name into us. Right now we stir up that name of God that You have already breathed into us. We declare that the name of God is over us, in us and through us. We have life because You have given us the spirit of life. We call up that spirit to stir. The anti-Christ spirit tries to overcome through distressing circumstances that wear us down, but You give life in any circumstance. You give life in any place. You have already made a deposit of Your Spirit in us.

**Anne:** We receive life when we worship the Lord, when we hear His word spoken. He gives us life and more abundant life. It is the same life that was in Christ Jesus that raised Him from the dead. It is the life of God that He imparts to us.

**Janice:** When the Spirit of the Lord pulled that body from the tomb, it was so strong that there were saints that were dead in the tomb for many years who rose and walked the streets of Jerusalem. We receive that resurrection life, that power that You call. Any place that we have been dead, any place inside us where we have not been able to respond to Your

life, we ask You to bring Your resurrection life so that there is not a place, spirit, soul or body in us, that is not receiving and releasing Your life. Thank You Spirit of God for bringing Your life today. Blessed is the name of the Lord!

**Cathy sings:** *Blessed is the name of the Lord, Adoni, Ancient of Days. We praise You Lord, Ancient of Days, Elohim, Yhwh, we praise You Lord. We praise Your name.*

**Brian:** I got up early this morning, but my wife, Lori, got up earlier than I did. When I went in to read my Bible, she was in the chair I usually sit in, so I had to look for someplace else to read my Bible. I went into the bedroom and turned on the lamp and read my Bible. When I finished and went to turn off the light, I discovered that it was a three way light. Instead of turning off, it got brighter and brighter again. The Lord said, “So many times when you meet with Me, you are content with the amount of light and revelation you have been getting. If you will turn and turn again, the amount of physical light you would have had would have increased greatly. As You come to meet Me and find the light, which will take the seeds that are under ground and bring them up into wholeness and fullness, do not be content with a minimal amount of light. My light will permeate. My light will penetrate. My light will begin to divide. Allow the light of My presence to come in. Allow the light of My presence to stir words. As My light enters you it will begin to stir and germinate words that have been dormant for years. The light will begin to come in, penetrate and cause My word to sprout. It will grow and become a beautiful thing. Let the light come in. Let the life begin to grow. My light will permeate. My light will penetrate and what was dim before will now become very bright.

**Anne:** When that woman came to us from Africa, she told me the way she stayed in Africa. She had been given a visa for 5 days, but a woman brought a baby who had died into the village and she raised the baby from the dead. I asked her exactly how she had done this so that in case it happened to me that I can do it. She said that they got in a circle, put the baby in the center of the circle and asked the Lord to bring life. This morning we ask the Lord to bring life into each of these situations. Cause Your word to be stirred up in us, that we will have faith to know that there is a bloom that You are calling up in this season.

**Will:** I kept seeing a baby on a white horse with a banner of love over that baby. I say to that baby, “He has set you on power and strength. His banner over you is love. He went to the cross to redeem you from the pit and He loves you. He is moving in love.” I loose the love of Jesus Christ.

**John:** I speak to the seeds that have fallen into the ground and died. You on the web cast, you have been feeling like you have fallen into the ground and you are dead, the Lord says that even a grain of wheat that has fallen into the ground does not stay there. It has life germinating in it.

**John sings:** *Lazarus, hear My voice and come forth! Rise up now and take your pallet. Rise up now and walk! Rise up and walk!*

We speak to that bloom and say, “Come forth!” We don’t care if you are on a dead olive branch. Come forth! We command life to come forth in Jesus name.

**Beth:** The Lord says, “This is a day of activation, for planted deep in the darkness of your spirit I have a determined destiny in you. In this season I am releasing a portion of your inheritance that you’ve not seen before. Today I am activating those seeds that have been dormant. In this season of spring you will see a new resurrection life come forth that you have not seen before. It’s been void because there’s been a desire within you. I’m mixing your desire with My desire. I’m speaking into your spirit today and activating that which I am calling forth in this season.”

**Anne:** Lazarus did not know that there was going to be resurrection life that would reach into the grave and pull him out. He had no power in himself to do that, but God had the power to call his name and bring him forth. He has the power to call your name, bring you forth and activate everything He has inside of you.

**Janice:** I keep hearing, “Haiti.” Lord, thank You that even though the enemy had a plan of evil to destroy, You have a plan of life for that nation. We declare into the heavens today that Haiti will become full of life. As You move into her, Your life will begin to produce from the seeds that You have planted. Let the life of God begin to reshape, reidentify and recreate Haiti.

**John:** I had a bush in my yard that was dying. The Lord said to command life into that bush. As I did, it began to dry up, shrivel up and it died. I went out to dig it up and there was a bud on it. The Lord said to keep commanding and as I did, little buds began to come out all over those dead branches. I have watched that bush. We have had the coldest winter we have ever seen. We have two of the worst snows and ice, but all of those little buds just keep on shining. They are ready for springtime. It does not matter if the bush is dead, if the almond staff is dead; God can bring forth buds and make it bloom.

**Anne:** It may look dead to you and to me, but there is life inside of here.

**Diane:** The Lord says, “I am pulling down those high places that have kept you from walking in the fullness of my grace. I am now establishing My throne and I am releasing righteousness and justice for My own. The people will no longer go from place to place and roam. I delight in this generation to make My home. I am loosing life in a new way, in a new river this day.”

**Shara:** The voice of the Lord knows how to speak to each individual. When Elijah had called down fire from heaven and destroyed all the prophets of Baal and he listened to Jezebel’s lie, he ran, but God hid him in the mountain. God did not come to him with the sound of the wind and the earth shaking and all those things. He came to him in a whisper. There are some seeds in the ground, people that have been so hurt and fractured, that a loud voice might not cause that seed to come up. God knows. This is what I am hearing.

Shara sings gently in tongues.

**John:** Sing over that loved one or friend who have fallen into the ground and died. You all know people who have just been beaten with the things of life. The devil has robbed from them and they are just dead. You are the voice of God. Begin to sing over them. You on the web cast, just begin to sing. God is putting sons and daughters, husbands and next door neighbors, friends. We are the voice of God. We have life in our voice. Even when Elisha died and they put him in the ground, he had so much life on him that those who were in the ground, dead, came to life. You’ve got more life than you think. Begin to sing!

**Anne:** We want to speak into the nations. Sounds are coming up out of nations and the Lord is releasing life into nations. We see Burma, the sound coming up out of Burma and the life that God is beginning to release there. We speak into the nations that have been gathered here and the nations that are connected on the web and say, “Let your life come forth! Bridge the gap! Speak into the void! Declare life and call forth your nation!”

**Cuc:** I see the blood is the grafting of the branches. We call for that blood, for Your blood to be grafted into the nations. We speak life into the nations. Now they will spring forth with the blood of Jesus flowing through the nations.

**Susan:** In 2005 we had an ice storm where I lived and it was a national disaster. My house was without power for 12 days. When I got back into my house, all of my plants were frozen. My beautiful peace lily was frozen. I was about to throw it out but the Lord said to cut it back and watch what He could do. I still have it today. Lord, I thank You for those dead looking things that can sprout up. We call those seeds forth.

**James sings:** *Let the heavens open up inside of me! Let Your resurrection life come forth!*

**Anne:** Between now and Passover, the enemy will try to widen this gap and hold us in this place where we are not perceiving what needs to come forth. The Lord says this morning that we have to be aggressive as we seek His face and move forth in this. Don’t let him capture your sound. Don’t let him capture your ear. Don’t let him capture your vision. Continually press through until you come to the place that He’s called us to be on Passover. We have an appointed time and we have an appointed place. We have a window. We have a place we need to be and a time we need to be there. As we are in this process, we can’t stop and retreat. We have to stand up and say, “Lord, bring it down! Let this thing come up in me. Let Your voice speak. Let me see what I need to see so I am moving in the power of what You have for me each day. Ancient of Days, release Your life!”

**Janice:** In the 400 years that the Children of Israel were in bondage, they began to cry out. They knew that they were missing something. By that time they had forgotten how to worship the Lord. It says that God looked upon the Children of Israel and had respect unto them. Today I hear the Lord saying, “Go beyond!” Yes, there are things that the Lord will continue to bloom through us, but look beyond where you have wanted to see seeds planted in the heavens. Go beyond yourself. Go beyond into the regions where the Lord is calling us. Lord, what is Your desire here? What is Your will? If the Lord puts a nation in your heart, go beyond and begin to declare that the Lord is sending life to that nation and calling for light to come. Lord, we declare today that we will go beyond what we thought was dead in our own life. We will go beyond and ask You what You want to resurrect in the world around us.

**Linda:** We confess that we have defined death according to what we understand, what we know and what we expect. Today we make the declaration, “It ain’t dead till God says it’s dead!” If He says that the bush ain’t dead, then pray for it to bloom. That baby is not dead! Pray for life to come back. That seed is not dead! Pray for it to sprout. Lord we will listen to You. If You say that it is not dead then we are not going to bury it or walk away from it. We will speak Your word into it and into the heavens until what You say comes about on the earth.

**Anne:** We are going to be a burning bush on every bald mountain. We are going to stand up with the strength and the fire of God.

**James plays and Chad sings:** *We’re going to burn! Selah, I’m on fire! Fire! I’m on fire! Burn, burn, burn, I’m on fire!*

**Anne:** I see fires burning up in England. I see people there who are on fire. I see fires starting across the Middle East. I see signal fires signaling that a new thing is coming forth. I see signal fires in Africa, Kenya, South Africa and Nigeria. I see signal fires from people who are rising up to burn. This little light of mine has become a bush that has begun to burn.

**John sings:** *This little light of mine, it's on fire burning brighter, brighter. Hide it under a bushel, no. It's on fire! Not gonna hide it under a bushel.*

**Anne:** The enemy thought he had me down, quiet and all closed up, but when he put the heat on, I began to unfold and open up until I caught on fire. There's a lot in here that I did not know about. All I need to be a big flower is a big gap. Give me a big opening, someplace the enemy is trying to move. That is the ground I was made to stand in, to inhabit and declare that this is the place where the Lord is going to do a thing. Lord, we are looking for a gap. Give me a gap and I will give you a fire.

**John:** Fire needs heat, oxygen and fuel, those three things. If you are not on fire, one of those three things is missing. When Brian got up this morning, someone was in his chair. He had to change positions for God to speak to him. Catherine Rossi always sits on one side, but today she said, "I'm not sitting there anymore." Sometimes you have to get up and move over. Chad always gets on the keyboard, but today he got on the microphone and brought forth a song. If you don't have those three elements working in you, look around and see what's missing. You might be sitting in the wrong chair. You might be at the wrong instrument. You might need to move to get the heat, or the oxygen or the fuel to start burning.

**Catherine:** I see a white horse running at full gallop around the earth. The rider is shooting flaming arrows and saying, "What are you going to do with the fire?"

**Lady:** Oil has a flashpoint. You might not be willing to move but God is going to turn up the heat and you will spontaneously come on fire.

**Anne:** He's throwing oil this fire! He's throwing oil on us! He is anointing us so we will burn brighter and brighter.

**John:** He makes His ministers a flame of fire. He throws anointing oil on that fire and it flashes up, flares up.

**Janice:** The Lord says, "Honor Me today as the Ancient of Days and you will enter the everlasting burning."

**Anne:** We thank all who have joined us on the web. We thank all of the nations that are a part of this and are receiving the prophetic word of the Lord and are praying with us in corporate prayer. Lord, we thank You for the sound makers and the prayers. We are entering into a new blessing this week and we are going to burn, baby burn!

**John sings:** *Burn baby burn! Holy fire! Fire! Hot, hot, hot! Fire!*

**Brian:** I found a seed in my pocket and it looks dead, but the Lord says, "There is a DNA in that seed. In the right conditions, with the right light and the right moisture, that seed is going to come to life." This morning we saw that demonstrated. When you are in the right environment at the right time, the DNA that the Lord has put in you for life will begin to come forward. We speak to those things that said you were dead and could not come back to life and the Lord has said, "I'm putting My finger on those places. I'm pouring out My Spirit. I'm bringing My heat, My light and My water. It's going to come forward. A sound will be released and you're going to see that life come forward."

**John sings:** *Come on! Come on! Fire!*

**Cathy:** I keep hearing that our circumstances are kindling to get the fire started.

**Anne:** Thank You, Lord, that You are kindling a fire under us today. We embrace the burning. We thank You for every person who has tuned in this morning. We bless you. May you have a wonderful, blessed week in the Lord.
